

GBI PROFESSIONAL SERIES 2015

27 August 2015 (Thursday), 8.30am - 5.30pm

Meeting Room 3 & 4, Vivatel, Jalan Loke Yew, Kuala Lumpur

SEMINAR ON

Lighting and Daylighting Strategies

PROGRAMME

- 8:30am Registration
- 9:00am Opening remarks
- 9:10am **Safety and Performance Regulatory Aspects of Lighting in Malaysia**
- 9:50am **Malaysia's Enforcement on Lighting and How to Choose a Good Lighting**
- 10:30am Tea break
- 11:00am **Quality of Harvested Daylight**
- 11:45pm **Progress of LED in Interior Lighting in Malaysia**
- 12:30pm Lunch
- 2:00pm **Applying Commissioning Process to the Lighting Control System**
- 3:00pm **Guide to Lighting Management Solutions**
- 3:45pm **Daylighting Strategies and Case Studies**
- 4:45pm Q&A
- 5:00pm End of Seminar

Note: Title and sequence of papers are subject to change.

REGISTRATION FEES

Member	Non-Member
RM318	RM424

Fees include 6% GST.

WHO SHOULD ATTEND?

- Building Owners and Developers
- Green Building Professionals
- Facility Managers
- Green Building Index Facilitators
- Professional Architects and Engineers

LIMITED SEATS!

First-Come-First-Served Basis

SEMINAR ON Lighting and Daylighting Strategies

27 August 2015 (Thursday) | 8.30am - 5.30pm | Meeting Room 3 & 4, Vivatel, Jalan Loke Yew, Kuala Lumpur

SPEAKERS

Ir Francis Xavier
Ex-Senior Analyst, Energy
Commission of Malaysia

**"Safety and Performance
Regulatory Aspects of
Lighting in Malaysia"**

Ir. Francis was, until recently, a Senior Analyst with the Energy Commission (ST), Malaysia. He had been with the Commission and the then Department of Electricity and Gas Supply since 1991. He is the Chairman of the Technical Committee on the Standards for Energy Management and also the WG on MEPS lighting. He also sits in various standards working committees. Ir. Francis graduated in 1977 with a Bachelors of Engineering degree from the University of Malaya and also holds a Masters degree in Environment. He is a Professional Engineer and is a member of the Institute of Engineers Malaysia.

Tay Hooi Seng
Head of Division 3: Interior
Environment and Lighting
Design, MyCIE

**"Progress of LED in Interior
Lighting in Malaysia"**

Tay has been in lighting field since 1988 and holds a MSc in Building Science and B Eng (Hons) from National University of Singapore and Chartered Engineer, UK since 1995. He is a member of Institution of Lighting Professional, UK (1993) and member working group LED Malaysia. He is also a member of Technical Committee on Lamps and Related Equipment - SPRING (Standards, Productivity and Innovation Board) Singapore since 2005 & Malaysia (2013) and Technical Assessor/Expert for the Singapore Accreditation Council. Currently he is Malaysia CIE (MyCIE) - Head of Division 3: Interior Environment and Lighting Design.

Lim Sai Seong
Director of QAV Technologies

**"Malaysia's Enforcement on
Lighting and How to Choose a
Good Lighting"**

Lim Sai Seong holds a Bachelors in Electrical and Electronics Engineering (Hons.), Northumbria University, Newcastle UK. He sits in several standards working committee under Standards Malaysia, Lembaga Lebuhraya Malaysia (LLM), Suruhanjaya Tenaga (ST), JKR and also MYCIE. He is the Director of QAV Technologies, Malaysia's second National Testing Laboratory.

Ir. PS Soong
P Eng, MIEM, MASHRAE, CPMP,
GBIF, GBI Commissioning Specialist

**"Applying Commissioning
Process to the Lighting
Control System"**

Ir Soong graduated from the University of Malaya and has more than 30 years' experience in the design, manufacturing, construction, testing, operation & maintenance of M&E components & systems. He is an ASHRAE certified Commissioning Process Management Professional, a GBI certified Commissioning Specialist (CxS) and a building auditor for Architect Centre, a subsidiary of PAM in building audits. He currently oversees many green building projects and contributes substantially to evaluation of building energy efficiency using exceptional analytical instruments & technique.

Gregers Reimann
Managing Director of IEN
Consultants

**"Daylighting Strategies and
Case Studies"**

Gregers Reimann specialises in building designs that have good daylighting, are highly energy efficient and have excellent thermal and visual comfort. He graduated in 2001 from The Technical University of Denmark (DTU) as an energy engineer and also studied at University of California Los Angeles (UCLA), University Putra Malaysia (UPM) and at National University of Singapore (NUS).

CK Tang
MGBC Board Member

**"Quality of Harvested
Daylight"**

CK Tang is an early pioneer in energy efficiency and sustainable buildings in Asia with more than 20 years of experience. He has designed, completed and fine-tuned a range of day-lit buildings that are among the most efficient within the tropical climate.

CK's latest work is the publication of 2 books on Passive and Active Technical Guidelines on Energy Efficiency in Building for Building Sector Energy Efficiency Project (BSEEP). BSEEP is supported by the United Nation Development Program, Global Environmental Fund and the Public Works Department of Malaysia.

Ir. Lee Yuen How
P.Eng, MIEM, CMVP, GBIF, REEM

**"Guide to Lighting
Management Solutions"**

Ir. Lee YH is a GBI Facilitator, and also registered Electrical Energy Manager by the Suruhanjaya Tenaga and Greentech Malaysia. He has implemented and designed lighting management system for various types of buildings such as offices, institutional building, university campus, residential developments, mosque and also warehouse. He is a committee member in IEM Electrical Engineering Technical Division, Board Member of Malaysia Green Building Confederation (MGBC) and also a Certified Measurement and Verification Professional registered with the Association of Energy Engineers (AEE), US.
